

2013 Annual Report

This is Gift of Life Family House. Open day and night.

FAMILY HOUSE

Dear Friends,

For 36 years, I've been lucky enough to witness the difference

that *Gift of Life* makes in people's lives – including my own. I've shared in the joys, as well as the sorrows, of countless families and have been humbled by the enormous role that our organization plays in each of their transplant journeys.

At Gift of Life Family House, we continue to provide families traveling to Philadelphia with much-needed support services and affordable accommodations during their wait for a life-saving transplant. And in 2013, we reached a very special milestone – the Family House's 10,000th night of lodging to transplant patients and families since its inception in July 2011. In the following report, I invite you to read more about this incredible achievement, hear stories from past guests, and get a glimpse into this past year's operational accomplishments at the Family House.

All of these notable highlights would not have been possible without the generous support of our community, our contributors, our volunteers and our staff. Without your caring hearts and commitment to our mission, we would not be able to provide a "home away from home" to those in need.

I would like to personally thank all of you who helped to further our work in 2013. It is my sincere hope that we can count on your continued support in the coming years, as we strive to make a lasting impact on the lives of the transplant patients and families we serve.

With deepest gratitude,

Howard M. Nathan
President and CEO

PS – Thank you again, your support helps us keep our doors open, day and night, 365 days a year.

Gift of Life Family House serves as a "home away from home" for transplant patients and their families by providing temporary, affordable lodging and supportive services to those who travel to Philadelphia, Pennsylvania for transplant-related care. Gift of Life Family House is a 501(c)(3) non-profit charitable organization.

Mission Statement

ABOVE: Jonathan Ryan, liver recipient, with his father and living donor, Kevin Ryan. The Ryan family were guests of the Family House for several months in 2013.

"Gift of Life was our home for four months, providing support to my family during such a difficult time. We have no way to repay all the love and compassion, all the services that we received in this wonderful place. Today I can say that this House provides everything a family might need in such a difficult time as the one we went through." —Maribel Rodriguez with son, Kenneth Rodriguez, who received a life-saving liver transplant in December 2013.

Momentous Milestone

Thanks to the generous support of the community, Gift of Life Family House reached 10,000 nights!

In November, the Family House marked its 10,000th night of providing lodging to transplant patients and families since opening in 2011. The "milestone guests" were Jimmy Powell and his wife Belinda, who moved from their home in Alabama to the Family House in July while Jimmy awaits a rare double-lung/ liver transplant.

Several years ago, Jimmy was diagnosed with Alpha-1 Antitrypsin Deficiency, a rare genetic disease that causes non-alcoholic cirrhosis of the liver and non-smoking emphysema. From 2010 until May 2013, the Powells drove back and forth to Philadelphia for medical appointments and tests. When Jimmy was finally listed for transplant and the Powell's had to make a move, they were relieved to find the Family House.

"Being able to talk to other transplant patients and families has been therapeutic," says Belinda. "It has meant a lot to stay at the Family House, a whole lot. I feel safe here."

to our volunteers in the community for coordinating fundraising events in 2013 to support the mission of Gift of Life Family House.

LEFT: Team Spiers is a committed group of volunteers who celebrate the life of Kevin P. Spiers by preparing meals for the Home Cook Heroes Program once a month. In 2013 they joined the Founders' Circle by pledging a major gift to underwrite guest room #306 in memory of Kevin.

Words From Our Guests

“The Family House was a wonderful oasis away from the hospital during my husband’s kidney transplant. The brightness and cleanliness of the facility along with the camaraderie of the occupants made each day tolerable. The availability of meals and sharing, not only food but thoughts, helped us get through the adjustments to all facets of the post-transplant process. Living outside of Philadelphia, I never thought of having to need a place near the hospital where Murray’s transplant was being done. Being an older adult, I worry about driving in bad weather and at night, the availability of affordable, comfortable lodging during the initial, repeated hospitals visits, and finally transplant was much appreciated and alleviated those worries. Coming back “home” to dinner and conversation helped breakup the tedium. We are indeed blessed that Murray received his life-saving kidney transplant and that we found Gift of Life Family House, our ‘home away from home.’ Thank you to everyone who made the Family House possible for families like ours.” — **Sheila, wife of Murray, kidney transplant recipient**

“Having a place where we can lay our heads at night is paramount, so we can be well-rested and focused on our son’s care. The Family House surrounds us with people who understand our situation and are so welcoming. And eating a home-cooked meal made by volunteers who go out of their way to provide you with this kind gesture—it literally earns them the title that Gift of Life gives them, ‘Home Cook Heroes.’” — **Billy, father of Murphy, one year-old double-lung transplant recipient**

LEFT: Comcast staff presented the Family House with a check for \$5,000 on Tuesday, April 23, 2013 during Comcast Cares Day.

LEFT: Fran and Ranea Pesaresi, Founders' Circle members, at the Family House guest room dedication in memory of their daughter Samantha Pesaresi.

On April 17, 2012, I was fortunate enough to receive a heart and liver transplant. The time we spent at the Family House was not only welcoming and comfortable but also informative, since we were able to share stories with other transplant families facing similar situations. This was so important in maintaining our sanity and getting through our difficult time.” —Alan Brown

2013 Family Circle

Recognizing yearly generous partners who help to support the Family House operations and to sustain programs annually. The Family Circle is an annual giving program made up of philanthropic contributors who give \$250 or more in a calendar year to support the Family House annual fund.

2013 VOLUNTEER RECAP

Adopt-A-Family Program

Shelter during difficult times...

The financial burden that transplant families endure is oftentimes staggering. Lost wages due to time away from work paired with medical and travel expenses can quickly add up. The Family House is committed to helping alleviate financial stress by providing a “home away from home” for eligible families – regardless of their ability to pay. This is made possible in large part by the Adopt-A-Family Program. Through a collaborative and community-focused approach, the Adopt-A-Family Program also uses generous contributions to bridge the gap between the actual cost of a one night stay (\$160) and the requested guest fee of \$40.

1 in 5 families cannot pay the full \$40 per night fee and require support from the Adopt-A-Family Program fund.

Through generous financial support from the community, Gift of Life Family House supplemented \$1,385,985 of operating expenses in 2013. This figure is based upon the actual cost of \$160 per night.

Home Cook Heroes Program

Taste of comfort...

The Family House's commitment to its guests extends far beyond providing a place to sleep. Through its Home Cook Heroes Program, the Family House ensures that guests also receive nutritious meals during their stay. Born out of the realization that most transplant patients and their families don't have the resources, time or money to prepare a healthy, home-cooked meal, the Home Cook Heroes Program brings in community volunteer groups to do it for them.

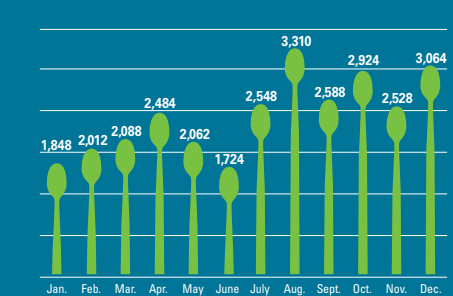

In addition to providing meals, the Home Cook Heroes Program stocks the refrigerators and guest pantry at the Family House with food and cooking supplies. It also helps to underwrite the costs of operating the meal program, communal

family kitchen, beverage station and dining room.

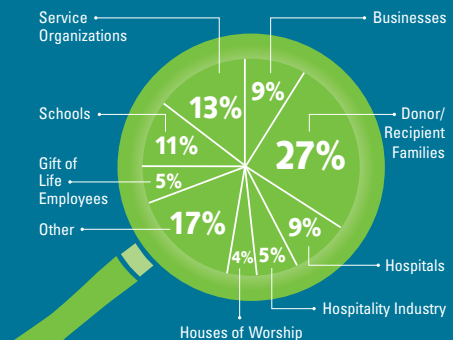

On June 11, 2013, volunteers from Philly Cooking Light Supper Club prepared dinner for Family House guests through the Home Cook Heroes Program. L-R: Michelle St. Pierre and her daughter, Christina St. Pierre

Caregiver Lifeline Program

Peace of mind...

The transplant journey turns lives upside down, not only for the patient but also for the primary caregivers. Through the Family House's Caregiver Lifeline Program, these individuals gain the education and support they need to meet the demands of their challenging role. The resources available through the program – which include a full-time social worker, online informational library and community outreach programs – help caregivers locate financial assistance, gain emotional support, maintain physical fitness and develop contacts with caregiving groups.

Family House's full-time, licensed social worker provided 298 hours of counseling to 81 families in residence during 2013.

134 guests attended 21 caregiver support groups hosted in the Family House.

Caregiver Lifeline Program is also active within the greater transplant community.

The Caregiver Lifeline webpage – located at www.GiftOfLifeFamilyHouse.org/resources/caregiverlifeline – offers support to caregivers and patients through online learning.

Gift of Life News, a newsletter reaching more than 50,000 households, featured 4 articles in its Caregiver Lifeline Spotlight section.
