

GIFT of LIFE
Family House

WELCOME HOME

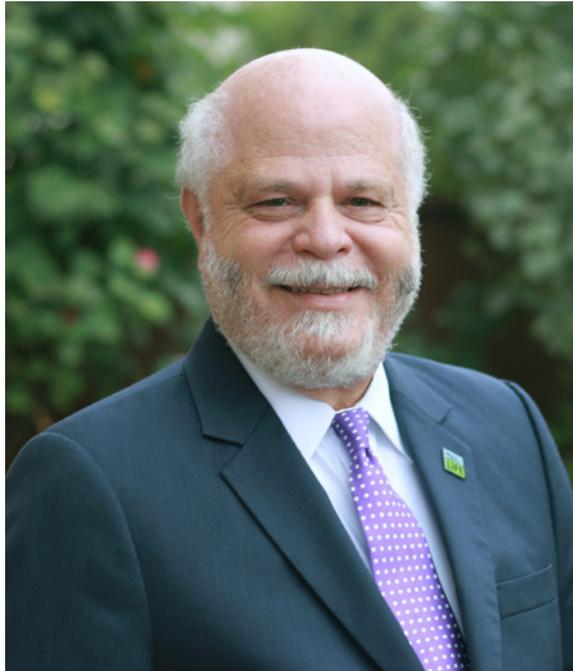

TO A HOME AWAY FROM HOME

MISSION STATEMENT

Gift of Life Family House serves as a “home away from home” for transplant patients and their families by providing temporary, affordable lodging, meals and supportive services to those who travel to Philadelphia, Pennsylvania for transplant-related care.

Gift of Life Family House is a 501(c)(3) non-profit charitable organization.

LETTER FROM THE
**FOUNDER
AND
PRESIDENT**

DEAR FRIEND, It's been another wonderful year at Gift of Life Family House, where, thanks to your help, we've been able to make some tough times much easier for many transplant patients and their families. Our community has been so impactful over the last six years, supporting our mission by preparing and serving meals, hosting wish-list drives, online birthday fundraisers, and many other activities.

When I think about the Family House, I recall the time when my sister, Martha, was listed for a liver transplant. The journey we embarked on together gave me a deeper understanding of the obstacles that families encounter when traveling to an unfamiliar place in the midst of an incredibly stressful time, often with little support. The Family House represents my vision for completing the circle of care for transplant patients and their families. I love walking into the House in the evening to see our compassionate staff assisting guests, smelling a delicious meal in the kitchen as our volunteers prepare it, and admiring our Home Cook Heroes All Stars display above the kitchen cabinets. It also warms my heart to see a group of families caring for each other during an evening support group in the living room. Thanks to you, our programs continue to thrive, and I couldn't be more humbled and proud of all we've accomplished together.

In 2017, we provided **9,547 lodging nights of care for 16,226 guests, gave 1,629 rides to and from area hospitals and served 19,094 meals** after long, stressful days of doctor's appointments and hospital visits.

Through our Caregiver Lifeline Program, we conducted a research study whose results affirmed that the Family House positively affected both transplant patients' and family members' physical and mental health. Many participants indicated that if the Family House did not exist, they would not have been at the patient's hospital bedside daily, which is crucial to the patient's health and recovery during the transplant process.

Our new Legacy Society Wall was installed in the living room to recognize those who have committed future planned gifts to the Family House through their estates, ensuring that our vision for transplant families to always have a "home away from home" will extend into the future.

We also wrapped up a special "Welcome Them Home" campaign, which culminated in hundreds of encouraging messages – from caring people like you to transplant patients and their families – being sewn together into a beautiful banner that now hangs in our dining room welcoming families to the Family House.

I'm so thankful for all your generosity has accomplished, and I am excited to share other achievements, program highlights and statistics with you in this Annual Report.

I believe 2018 will be an even more successful year for Gift of Life Family House because we have such a supportive community by our side. With the transplant list growing each day, there will be more families to serve, more meals to cook and more shuttle rides to take.

Thank you for supporting the Family House and the transplant families who stay here. You truly are making a positive impact in the transplant community. Let's keep up the great work.

With gratitude,

A handwritten signature in blue ink that reads "Howard M. Nathan". The signature is fluid and cursive.

HOWARD M. NATHAN, FOUNDER AND PRESIDENT

“The Family House is a safe, comfortable place to recuperate and a really great transition to home. We went from the structure of hospitalization to the freedom to relax — when not running to appointments.”

—VALERIE

Valerie with her daughter Cora, a heart transplant recipient.

FAMILIES COME HOME

— Caregiver Lifeline Program —

TO A SUPPORTIVE NETWORK...

The first of its kind, the Caregiver Lifeline Program provides both a supportive network and educational services specifically tailored to the needs of organ transplant patients, family members, and caregivers in the *Gift of Life* region.

While the Family House provides lodging for 30 families at a time, the complementary programming and support developed for transplant families by the Caregiver Lifeline Program reaches far beyond the walls of the Family House.

Baby Olivia (Livy) and Livy. Livy is a trained therapy dog invited to support caregivers, patients and babies at the Family House as part of the Caregiver Lifeline Program.

2017 FAMILY HOUSE QUALITATIVE RESEARCH STUDY

In 2017, the Family House appointed an outside research consultant to conduct a 360° evaluation from the perspective of their stakeholders with the research question:

“What is the impact of the Family House experience on transplant patients/families?”

This study affirmed that the Family House positively impacted both transplant patients’/families’ physical and mental health, illustrating how a hospitality house can provide a way to strengthen the resilience of family members as they navigate the difficult territory of the transplant journey. Most participants (patients and caregivers) indicated that if the Family House did not exist, family members would not have been at the hospital bedside daily, which was crucial to the patient’s health and recovery during the transplant process. Transplant patients and family members consistently expressed an increased appreciation for the need for organ and tissue donation as a result of their experience at the Family House, many becoming advocates encouraging friends, families and larger communities to register to become organ and tissue donors.

Learn more about the Qualitative Research Study by visiting www.GiftofLifeFamilyHouse.org

FAMILIES COME HOME

— Adopt-A-Family Program —

TO A COMFORTABLE BED...

Cesar, Carmen and “Super” Gabe Sanchez from San Inigeos, MD. Gabe received a double-lung transplant in March of 2015 at only 8 months old. Cesar and Carmen found solace at the Family House during this difficult journey.

The Adopt-A-Family Program keeps guest room fees low and ensures that transplant patients and their families who are away from home and in need of support will be provided with resources through the Family House, regardless of their ability to pay the nightly fee.

Our guests are only asked to pay a small nightly fee of \$40, despite actual costs exceeding \$185 per night. Unfortunately, one in five families cannot afford even this modest nightly fee. However, no family is ever turned away due to an inability to pay. While Gift of Life Family House receives some revenue from guest payments, we must turn to the larger community to fully fund our facility.

In 2017 alone, through generous contributions, the Family House supplemented \$1,434,909 worth of programs and services to bridge the gap between the actual costs and modest guest revenue.

Chris Bolden stayed at the Family House for four months while his life partner, Diane Ortiz, recovered from a heart transplant.

“If it wasn’t for this place, we wouldn’t have been ahead. We wouldn’t have known what we know now. Without that, this process would have been much harder.”

—CHRIS

FAMILIES COME HOME

— Home Cook Heroes Program —

TO A HOME COOKED MEAL...

Home Cook Heroes volunteers from Team G\$.

The Home Cook Heroes Program helps us provide home-cooked meals, groceries, cooking supplies, and a fully-equipped kitchen in a home-like environment for families who are away from home seeking transplant-related care in Philadelphia and in need of support.

Every evening, Home Cook Heroes volunteers prepare and serve a nutritious home-cooked meal to our families!

Since 2011, Gift of Life Family House is proud to have served over 176,000 meals through its Home Cook Heroes Program.

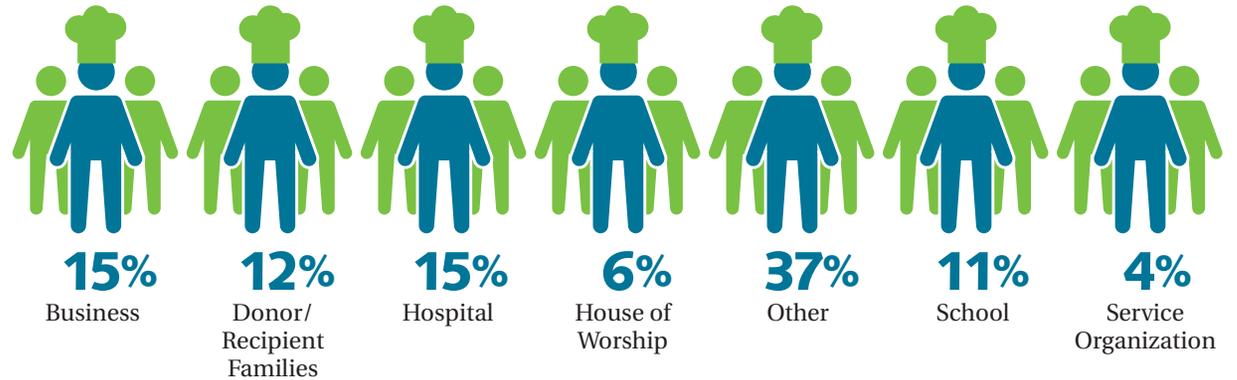

— Home Cook Heroes Program —

“Every need and want had been anticipated and met without my thinking or planning for them. I could sleep without planning shopping lists, trips to a grocery store, and cooking meals. This allowed me to recharge my emotional batteries.” —Family House guest

Guests of the Family House having coffee in the dining room.

Home Cook Heroes GROUPS

Meals served in 2017:

19,094

2017 HOME COOK HEROES ALL STARS

Gift of Life Family House proudly recognizes the Home Cook Heros "All-Star" volunteer groups from 2017. All-Stars are committed volunteer groups which provide a meal to the Family House guests through the Home Cook Heroes Program at least 12 times in a calendar year.

Each year the Leake family host a huge wish list drive in memory of their son Murphy.

SUPPORT THE ADOPT-A-FAMILY PROGRAM Consider making a monthly or annual tax-deductible gift to the Adopt-A-Family Program – each \$40 contribution helps support one night of lodging for a family staying at the Family House who cannot afford the nightly fee. You can contribute to sponsor one night, two nights, a weekend or more. Gifts of any level are meaningful.

HOST AN EVENT! From golf outings to intimate dinners in your home, there are countless ways you, your family, and friends can fundraise for the Family House. Fundraising events are also a great way to reconnect with family and friends and remember or celebrate a loved one while supporting our important mission.

BECOME A HOME COOK HEROES VOLUNTEER! Groups of up to 10 people can provide, prepare (on or off site) and serve a meal to guests staying at the Family House. Enjoy cooking in our fully equipped kitchen as well as seeing the impact of your service on our families first hand.

HOST A WISH LIST DRIVE! Keeping the Family House stocked with basic home necessities – such as food, toiletries, and pantry items – requires a lot of donated items. This is an excellent activity to involve your family, company, religious group, or friends. You can also collect grocery store gift cards to keep our refrigerators stocked with the things we run out of most – milk, eggs and butter! The Family House is also in need of gas cards to keep our free shuttle service operational – transporting patients and families to and from local hospitals each day.

JOIN THE LEGACY SOCIETY FOR PLANNED GIVING By making a “planned gift” – a gift through your estate – you can ensure the future success of Gift of Life Family House and have the satisfaction of knowing that your values will live on through the loving care we provide.

CORPORATE PARTNERSHIPS Through volunteerism, sponsorships, grants and program support, hundreds of corporations have partnered with Gift of Life Family House to support transplant patients and their families. In return, corporations receive unique recognition, brand visibility through our various communications tools and social media platforms, as well opportunities for employee team building events and ways to engage and reconnect with clients. If your business or corporation is interested in supporting programs or other initiatives at Gift of Life Family House, we would be happy to help build an impactful partnership.
