ABOUT THE KIDNEY OPEN

A TRADITION OF COMPASSION, A LEGACY OF IMPACT

The Kidney Open began with one man, one diagnosis, and one round of golf. When Dan Sinnott learned he had a tumor on his kidney, he called together his closest friends for a game of golf the day before surgery – what he thought could be his last. Thankfully, Dan's surgery was a success. But the experience left him with a profound empathy for patients facing uncertain futures in hospital beds across the country.

That round of golf became more than just a send-off. It became a symbol of support, resilience, and community. The very next year, Dan and his friends made the outing an annual tradition – and he joined forces with long-time friend Howard Nathan, former President & CEO of Gift of Life Donor Program, to transform the event into a powerful fundraiser for transplant families.

Now in its 21st year, the Kidney Open Golf Outing is more than just a day on the green. It's a lifeline.

Proceeds from the event support the Adopt-A-Family Program at Gift of Life Howie's House, which ensures no transplant family is ever turned away due to financial hardship. While the actual cost to house and care for a family exceeds \$200 per night, guests are only asked to contribute \$40 – or nothing at all if they cannot afford it.

By participating in the Kidney Open, you're helping transplant families access safe, affordable lodging, hot meals, transportation, and the compassionate support they need while navigating life-saving care.

Last year, thanks to our incredible sponsors, golfers, and volunteers, we raised over \$147,000 – our most successful year yet. Join us in making this year even more impactful.
